

ABOUT THE PRODUCT

Shuttering plywood is made from multiple layers of thin wood veneers that are glued together. It's designed to be durable, water resistant, and able to support heavy loads.

ABOUT OUR COMPANY

a Chinese plywood manufacturing company in Bangladesh can leverage several benefits, especially given the expertise of Chinese manpower, advanced machinery, and cost effective production strategies to fulfil market demand.

PRODUCT SPECIFICATION

- THICKNESS15MM
- LENGTH2440MM
- WEDTH1220MM

High Time
Durability

High Gloss
Finish

Water Proof

Unique Design

High streanth

- THICKNESS18MM
- LENGTH2440MM
- WEDTH1220MM

High Time
Durability

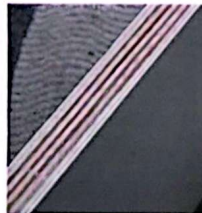

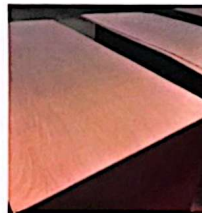

sanding and
polishing

hot press

Moisture-proof

High streanth

HOW PRODUCT USE

FOCUS ON QUALITY

SHUTTERING BOARD (4*8feet):

12mm, 15mm, 18mm

FURNITURE BOARD (4*8feet):

3mm, 6mm, 12mm, 15mm, 18mm

HOW PRODUCT USE
